"We want to be your farmers!"

Gene and Mary Margaret Ripley

At Ripley Farm, we're passionate about three things: good food, healthy land, and a strong community! 2019 marks our eleventh year pursuing our dream as a MOFGA Certified Organic diversified farm, home to five acres of vegetable gardens and your friendly farm family.

"Five years ago, we discovered Ripley Farm's CSA program and have never looked back! The produce is outstanding, the quality is first rate and the diversity and quantity is generous. Perhaps equally important is the professionalism of management. In addition to being warm, caring and honest people, it is very apparent that Gene and Mary Margaret put their hearts into their work."

We are especially grateful for the Winter CSA. It keeps us eating more fresh vegetables longer. We'd be lost without it. Going back to frozen and canned is not as good."

Organic Vegetable Farm Shares

Dover-Foxcroft & Bangor, ME

What is Community Supported Agriculture (CSA)?

CSA is a partnership between Ripley Farm and our community. Local families become members of the farm by buying a share of our fall harvest. Your membership funds the growing and storage of 15+ different kinds of vegetables, which the farm then returns back to you abundantly every other week during the late fall and winter.

How does it work?

In return for your pre-season financial support, you receive your share of our farm's bounty in 10 installments November 2019 through March 2020!

Come to the farm or your Bangor pick-up site and get your farm fresh veggies along with a newsletter with recipes, cooking tips, and storage info.

What is in my winter "farm share"?

Your vegetable farm share contains a unique blend of popular favorites combined with specialties not found in grocery stores. Each week's offering of 5-7 organically grown vegetables will be different as the winter season progresses.

Since eating habits vary, the Winter CSA is intended to be a seasonal supplement for couples or families. Across the board, our members tell us that their subscription to Ripley Farm's CSA helps them eat more vegetables!

Because we pick what goes in your share, you're guaranteed a selection of what's at its very best from our root cellar twice a month. Your whole family is sure to agree that veggies have never tasted better!

"The folks at Ripley's are the greatest, and their organic vegetables are awesome! Each week is a great surprise of quality vegetables. They are farm fresh, clean, well packaged, and most importantly delicious and nutritious!"

Our members say that opening their CSA boxes is like having "Christmas every week!" We make sure you're just as excited when our produce graces your table by providing delicious recipes for your weekly box of treats in our newsletters and on our website.

"This has been the best thing I've ever done for my health and my shopping. Also an introduction to a variety of ways to prepare vegetables other than the traditional ways I had been brought up using. I love all the recipes and the opportunity to try new things. Thanks again!"
